ACCOMPLISHMENTS

I am an MCA fresher with a specialization in Artificial Intelligence, having a strong understanding of algorithms, data structures, and core AI concepts such as NLP, computer vision, and deep learning. I am skilled in Python, SQL, and frameworks like TensorFlow and PyTorch. I am a quick learner with good analytical abilities and a passion for developing intelligent, data-driven solutions. I am looking for an entry-level opportunity where I can apply my AI knowledge and contribute to innovative projects.
